Song: You are All I Need, by Sal Oliveri

About the song

Sal Oliveri wrote You are All I Need after a difficult time of waiting on God for answered prayers. "I wrote this song as a reminder to myself that in Christ, we find everything we need. Material possessions, positions of influence and even the best relationships won't satisfy our deepest yearnings, but the abundant life of God flows within us forever! Allow this song to help you reaffirm your faith in Christ as your all in all."

The song references Jesus' words to the woman at the well from John 4: "If you knew the gift of God and who it is that asks you for a drink, you would have asked him and he would have given you living water."
